

STRATEGIC HUMAN RESOURCES LEADERSHIP

Certificate Program for
Indian Executives

Overview

There are huge responsibilities on the shoulders of 21st century's HR managers which include strategic thinking and leading the organization from the frontlines. As businesses evolve, the Human Resource department is being relied upon to execute well-defined HR strategies which align with larger organizational strategies.

As an HR executive or manager, you are expected to articulate your company's business goals and strategy, and the human resource tools and expertise in your arsenal — from recruitment, to talent management, to engagement — are necessary to support the overall business strategy. Upon completion of this online certificate course from eCornell, the HR managers should be able to speak and understand the language of the business leaders with ease.

This Strategic HR Leadership certificate program from eCornell provides a broad organizational perspective, laying the foundation for you to identify, develop, and measure HR initiatives critical to your firm's bottom-line success.

What You Will Learn

- **Effectively Influence Business Strategy as an HR Leader**
Execute well-defined HR strategies which align with larger organizational strategies
- **Create Maximum Value for Stakeholders**
Develop a plan to structure an organization's people, processes, and technologies to create maximum value for stakeholders
- **Create a Model for Best HR Practices**
Distinguish between diversity and inclusion, develop a model for talent management that attracts and retains talent and describe methods to reduce prejudice and improve psychological safety in work groups
- **Build and Encourage a Culture of Engagement**
Lead an effort to build employee engagement by persuading business leaders at your organization that engagement is critical to business success
- **Learn Contingency Planning**
Discuss factors that may derail leaders and strategy along with how to prevent that from happening and learn to revise your employer brand when internal and external changes to the organization diminish its effectiveness
- **Learn to Use HR Analytics to Fulfil Organizational Needs**
Explain how and why an organization uses metrics and analytics; assess measurement requirements tied to the organization's needs

What You Will Earn

Syllabus

Human Resources Leadership (ILRHR551)

Develop strategies that improve strategic, ethical, legal, and financial outcomes for your organization. Manage the complexities of interpersonal dynamics at the most senior levels to nurture strong leaders.

- Learn how to provide value to leaders by supporting and advising them as they execute their strategy
- Discover how to become a leader in the unique position that the HR function occupies

Aligning HR Strategy with Organizational Strategy (ILRHR552)

Create a vertical-alignment strategy to improve decision making, people outcomes, processes, and profits. Align HR functions with the organization to execute strategies.

- Use the Balanced Scorecard approach to align the HR system with organizational objectives
- Use the correct skills required to plan and assess HR systems and practices

Diversity and Inclusion in Practice for HR (ILRHR553)

Diversity and Inclusion has shifted from “counting the numbers” to “making the numbers count.” This course describes the shift from diversity to inclusion and how to assess the three levels of inclusion for an organization.

- Understand and describe best practices for assessing the effectiveness of inclusion initiatives
- Analyze the three sources of inclusion in a workplace (organizational, work group, and immediate supervisor)

Getting Results through Talent Management (ILRHR554)

Learn ways to address talent management challenges and how to create and enhance your talent management system to ensure that your organization is properly staffed.

- Assess your organization’s approach to managing talent and its alignment with overall business strategy
- Devise strategies for developing, engaging, and retaining key talent as well as how to measure the effectiveness of individual talent programs

Strategic Talent Analytics (ILRHR582)

This course focuses on building analytical acumen and taking a strategic view of talent analytics. Using a framework presented in this course, students will examine outcomes and drivers throughout an organization to assess strategic needs.

- Align HR analytics to support larger organizational needs, including linkage of HR data to business outcomes
- Assess and enhance your organization's maturity around HR analytics

Strategic Engagement (ILRHR556)

Learn the difference between an average, generic engagement effort and one that has the potential to drive superior organizational performance through a research-based learning experience.

- Audit your organization's current relevant practices
- Outline a plan for gathering meaningful engagement data and interpreting it so that you can drive organizational change

About eCornell

As Cornell University's online learning unit, eCornell delivers online professional certificate programs to individuals and organizations around the world. Courses are personally developed by Cornell faculty with expertise in a wide range of topics, including hospitality, leadership and management, marketing, human resources, technology and data analytics. Students learn in an interactive, small-class format to gain skills they can immediately apply in their organizations. eCornell has offered online learning courses and certificate programs for 18 years to over 150,000 students at more than 2,000 companies.
